

Marian Wilson RGN

Case Manager and Registered Nurse

Based in Aylesbury, Buckinghamshire

e-mail: mw@benholden.net

Skills & Experience Summary

Marian is a Registered Nurse who has worked predominantly with individuals with spinal injuries since 1984. Marian has worked in both specialist spinal and brain injury centres, from the admission process to delivering acute care to the spinal injured ventilated person. Marian also has extensive experience working in the field of rehabilitation. Marian worked as a case manager within a spinal injuries unit liaising with the community healthcare professionals to facilitate safe and timely discharges.

Marian has also worked for numerous years in the community providing domiciliary care for individuals with brain and spinal injuries and with clients requiring mechanical ventilator support.

Marian has also worked for a number of years nursing individuals who had sustained multiple traumatic orthopaedic injuries.

Marian has worked as an independent case manager since 2008, joining the Ben Holden Ltd team in 2014. Within this role Marian undertakes immediate needs assessments and provides high quality case management services for adults and children with catastrophic injuries.

Personal Summary

Marian enjoys the quiet pleasures in life such as DIY, gardening and walking her dog. She is also keen to maintain physical fitness and goes to the local gym. Quiet sightseeing holidays in the sun, preferably on a boat, is a must.
