

Lisa Goudy BSc (Hons) OT
Senior Case Manager

Based in Stowmarket, Suffolk

email: lg@benholden.net

Skills & Experience Summary

Since qualifying as an OT in 1995 Lisa has gained a wealth of experience in clinical and senior managerial roles both in the NHS and private settings.

During her career she managed a caseload of complex cases such as acquired brain injury, including those individuals with disorders of consciousness, spinal injury, parkinsons disease, multiple sclerosis, burns and plastics.

She provided assessment, goal orientated rehabilitation and complex discharge planning to those aiming to return home from their admission. Lisa has worked in the following clinical areas; acquired brain injury, spinal injury, neurology, orthopaedic rehabilitation, general medicine, burns, general surgery, acute psychiatry, day services for individuals with neurodevelopmental disorders and palliative care.

She provided senior clinical support and supervision at the stroke unit - Finchley Memorial Hospital, London and rehabilitation clinical support at Potters Bar Community Hospital. She completed the Certificate and Diploma in Management Studies (DMS) at Barnet College and also the D32 and D33 NVQ Assessor Award in Health Care and readily assessed NVQ level 2 and 3 students.

In 2003 Lisa took a Case Management position at a London based Case Management and Rehabilitation Company. She assumed lead role for OT in the company, providing clinical support and advice to other Case Managers and maintaining relationships with all the key stakeholders. She carried out functional assessments and immediate needs assessments of people who had suffered catastrophic trauma or severe illness, traveling the country to do so. She was also responsible for the sales and marketing activity for the company.

Following a career break to raise her family, Lisa joined Ben Holden Ltd resuming her position as an experienced case manager in 2015.
