

Martin Woollard

Dip Nursing, RMN

e-mail: martin@benholden.net

Position – Senior Associate Case Manager

Based near Ipswich, Suffolk

Professional Registrations & Memberships

- Nursing and Midwifery Council – **Registration No. 99A0218E**
- British Association of Brain Injury Case Managers (BABICM) – **Advanced Membership No. 0248**

Skills & Experience Summary

Since qualifying as a Nurse in 2002, Martin has gained a broad experience in the field of healthcare. He has worked in a Psychiatric Intensive Care Unit (PICU), a Community Mental Health Team (CMHT), and a Child and Adolescent Mental Health Service (CAMHS).

Martin has been working as a Brain Injury Case Manager since 2006. In that period, he has worked with a range of adults with complex trauma and disabilities, both neurological and other conditions. Martin has been a member of British Association of Brain Injury Case Managers since 2006 and achieved Advance Level status in 2011. Martin has held positions of case manager, senior case manager, and clinical team lead.

Martin has worked predominantly with brain injured clients but has also supported others with post-traumatic stress disorder (PTSD), spinal cord injury (SCI), amputation and polytrauma. Martin has worked with some clients on a short-term basis to achieve quick rehabilitation goals, and in other cases it has been longer term, setting up multiple person Multi-Disciplinary Teams (MDT) and directly recruited support packages. Martin is experienced in working alongside all branches of professionals and clinicians, in both private and statutory sectors.

Being a brain injury case manager brings with it a need to be able to work with people from all backgrounds, cultures, and identities. One of Martin's driving factors in this line of work is enabling clients to identify their own goals and support them to achieve a greater sense of independence and wellbeing.
