- Royal College of Speech & Language Therapists (RCSLT)
- Association of Speech & Language Therapists in Independent Practice (ASLTIP)

Skills & Experience Summary

Tom qualified as a Speech and Language Therapist in 2004 after completing a PGDip in Speech & Language Therapy at City University, London. Prior to this, Tom had gained a BA(Hons) in Linguistics from The University of Luton.

Tom worked in the NHS for almost 11 years gaining experience in both acute and community settings. Caseloads included progressive neurological conditions, stroke, traumatic brain injury (TBI) and he was involved in the development of a new stroke and neurological rehabilitation service at St Margaret's Hospital in Epping.

Tom left the NHS in 2015 to start independent practice as a SLT, providing assessment and rehabilitation to clients following acquired brain injury. This included working with clients with TBI at The Jacobs Centre and The Gardens in Hertfordshire.

Tom has also worked as a case manager since 2015, where he predominantly works with adults with TBI but is willing to work with juvenile clients too.

Tom has extensive experience working with this dynamic client group, establishing and coordinating highly complex rehabilitation programmes. This has also included overseeing the success of treatment programmes through regular contact with therapists and multidisciplinary team meetings.

Tom has also worked alongside statutory services and has established working relationships with primary healthcare, community mental health services and charity services such as Headway.

Tom has also successfully supported clients to apply for benefits, including Universal Credit and Personal Independence Payments. Where these were initially unsuccessful, Tom has supported clients in the completion of mandatory reconsideration and through the appeal process to a successful outcome.

In his role as Clinical Services Manager at Ben Holden Ltd, Tom's focus is on improving and maintaining clinical quality across the company. He is point of contact for all new case management enquiries.

Tom is also a member of the BABICM Training Education Group (TEG), working as part of a team of case managers across the UK who arrange training events to contribute to the development of BABICM members and other professionals working with clients with brain injuries and other complex conditions.

Continuous Professional Development (CPD)

To maintain high standards of service by our team members, Ben Holden Ltd provides regular in-house training and attendance of annual statutory and mandatory refreshers. As part of CPD, members regularly attend external events/courses and maintain a personal CPD Folder. All staff are subject to regular supervision and mentoring sessions.

Disclosure & Barring Service (DBS) – Enhanced Certificate

To remain up to date and enable regular annual rechecks our team members are all registered with the online Update Service
