Skills & Experience Summary

Vic Leever is an experienced occupational therapist and senior case manager, with over 13 years' experience as a case manager, this including roles as clinical team lead of a children and young people's team and director of an expert witness service. Predominantly Vic's case management experience is working with children and young people providing bespoke case management for children with a variety of conditions including brain injury, cerebral palsy, spinal injury, amputee, and other complex disabilities. Vic also regularly provides case management for adults with neurological conditions and polytrauma.

After graduating from the University of Derby in 2002, Vic worked in a variety of hospital and community settings, gaining experience in several areas including stroke, hand therapy and splinting, rheumatology, wheelchair provision and neurological rehabilitation. Vic developed a special interest in neurological rehabilitation whilst working in a community setting. Vic's case management career to date has continued to build upon her passion for neurological rehabilitation with children and young people, ensuring all areas of need are addressed and co-ordinated, including housing, education, transitions, multidisciplinary therapy teams and care and support both pre and post settlement of personal injury and clinical negligence awards.

Vic has highly developed specialist clinical and managerial skills in the areas of rehabilitation, goal setting, treatment planning and major housing adaptations. Vic is also
