About Mr. S

Mr. S is in his 60's and lives near to King's Lynn with his wife and son.

He suffered a stroke because of an accident at work. As a result, he has physical, cognitive and communication impairments. He is proactive with his rehabilitation, working towards greater independence, but continues to need help with some daily living skills, therapy tasks, activities outside of the home including attending groups, gym and swimming, communication and engaging in his previous hobbies. He requires 24-hour supervision. Mr. S's wife provides significant support in addition to the employed care team.

There is an established team in place providing support three days per week.

Mr. S currently has a busy timetable of therapy and activities he undertakes.

Applicants must be able to drive to be able to support his timetable of activities.

Mr. S requires support with the following:

- Visual impairment;
- Communication;
- Cognitive skills;
- Everyday living skills;
- Therapy tasks and practice of therapy between sessions;
- Activities including attending the gym and swimming;
- Participation with his hobbies e.g. art / gardening / model making / DIY

The Roles and Responsibilities of the job:

- To ensure Mr. S' well-being and happiness.
- To maintain a safe environment.
- To provide support as directed by the care plan, being aware of any guidelines, rehabilitation programmes and risk assessments.
- To assist with mobility needs, both within the home and in the community (Mr S uses a walking stick when outdoors).
- To assist with therapy programmes under the direction of the clinical team (Physiotherapist and Speech and Language Therapist).
- To support Mr S to identify and research activities and events he would like to attend.
- During activities in the community, to act as a companion/buddy and to help Mr. S engage in all activities and conversation as appropriate.
- To drive Mr. S when attending community activities.
- To liaise with the family and Case Manager about progress.
- To advise the Case Manager and family of any concerns regarding Mr S. physical or psychological health and liaise with the GP if necessary.
- To keep clear and accurate records of care and support provided on our electronic care system (training provided).
- To use initiative, particularly when unforeseen events occur, and family are not directly available to provide advice or guidance.
- To attend supervision meetings and training sessions, as requested.

A Brain Injury Case Manager assists Mr. S and his wife to access the help he needs and provides on-going supervision to the support workers, as well as organising training, advice, and dealing with the provision of on-going rehabilitation needs.
